

JML 36

JENKINS MARINE

Commercial Work Boats & Barges

JML 36 is a swim-ended, rectangular, deck cargo barge. It has two spud 20m long legs for precise position holding, a shallow draft, suitable for working in close to shore and a large deck load capacity, for bulk cargoes such as rock or heavy plant. A wave screen is fitted for the security of cargo at sea, and heavy duty mats are available for deck protection.

Length	36.57 m	Cargo Capacity	600 tonnes
Beam (Hull)	10.08 m	Spud Legs	2 x 20m x Ø660mm
Depth	3.20 m	Auxiliaries	2 x 10t Hydraulic Anchor winches
Draft (Light)	0.71 m	Gross Tonnage	276
Draft (Loaded)	2.43 m
