

JML50

JENKINS MARINE

Specialised Workboats & Barges

JML50 is a swim-ended, rectangular, flat top deck cargo barge. It has two spud legs for precise position holding, a shallow draft, suitable for working in close to shore and a large deck load capacity, for bulk cargoes such as rock or heavy plant.

Length	50 m	Cargo Capacity	1300tons
Beam (Hull)	14.0 m	Spud Legs	2 x 18m
Depth	3 m	Gross Tonnage	544
Draft (Light)	0.47 m	Deck Strength	6 t/m ²
Draft (Loaded)	2.35 m
